

# Invitation

## INFORMATION SESSION EDUCATION IN THE NETHERLANDS

Monday 23 January 2023, 19:00H  
ISK, Zetveld 38, 9202 LM Drachten

Dear parents/guardians/caretakers,

The organization of the educational system in the Netherlands might be difficult to understand for people who have recently arrived in the Netherlands. Choosing a school for your child can be challenging because of the many different schools and educational programmes. This information session aims to provide information in as many languages as needed about:

- the educational programmes for 12 years and older
- how to change, advance in programmes
- diploma's and job market perspective
- local schools
- when to start visiting new schools

Kind regards  
Team ISK

Send an email to [info.isk@singelland.nl](mailto:info.isk@singelland.nl)

if you would like to join this information session stating:  
your name, your child's name, number of persons attending  
and the preferred language of the session.
